Seven Grandfather's Program: Intake Application

Gwekwaadziwin Miikan offers a 3-month residential mental health and addictions land-based treatment program that is conducted outdoors. This co-ed, person centered program is open to all Ontario residents age 19+ and weaves traditional culture with therapeutic best practices, education, life skills and experiential learning. We offer three seasonal programs annually Spring/Summer, Fall, and Winter Camp.

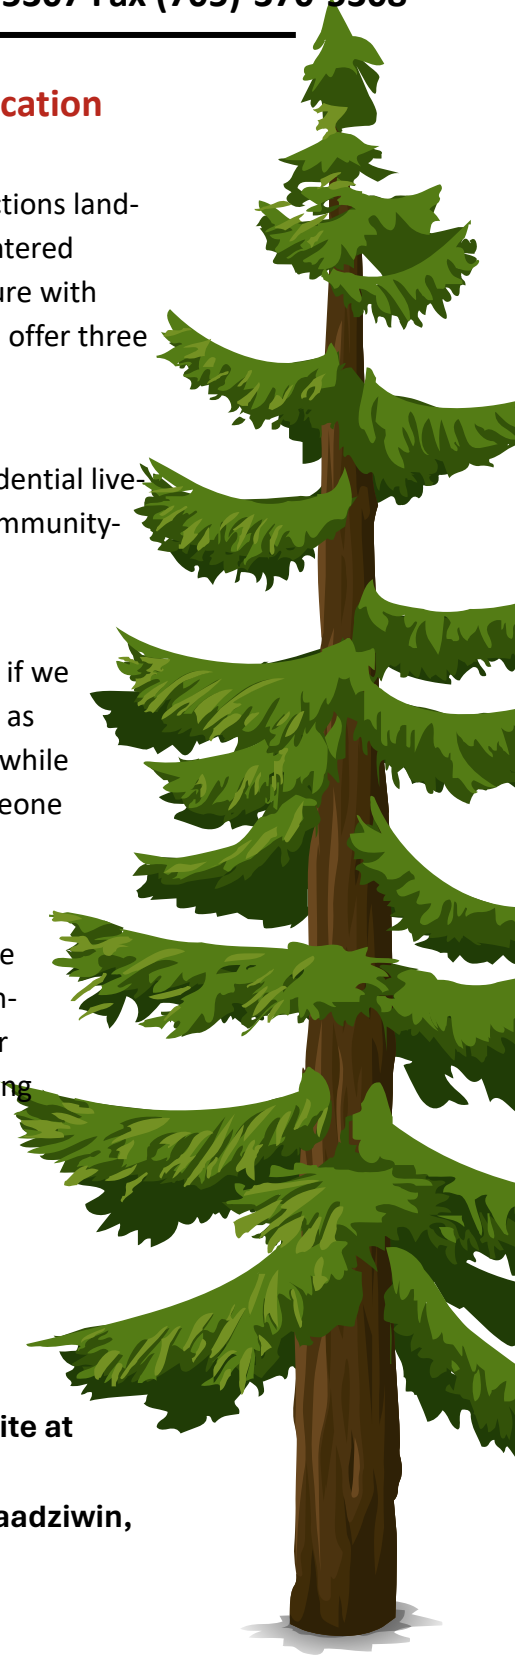

Gwekwaadziwin Miikan also includes an aftercare component with both residential live-in (LIAC) support for those who have recently completed treatment and a community-based aftercare program to help persons with community reintegration.

The application is designed to help us understand your needs and determine if we can support your healing journey. It's important to complete it as thoroughly as possible. Some questions may be challenging, so it's helpful to have support while filling it out. You can complete it independently, or with assistance from someone you trust.

Please note: the information in this application is confidential, unless you give written consent to share it or if there is a risk to yourself or others.
